Professional Summary

Final-year Computer Science and Engineering student at Rajkiya Engineering College Sonbhadra, specializing in full-stack development with the MERN Stack. Proficient in JavaScript, React.js, Node.js, Express.js, MongoDB, Git, RESTful APIs, and Data Structures and Algorithms. Built three production-ready, responsive web applications featuring secure authentication and third-party API integration.

Education

Rajkiya Engineering College Sonbhadra <i>Bachelor of Technology in Computer Science and Engineering</i>	2023 - 2027 CGPA: 7.7
Uttar Pradesh Madhyamik Shiksha Parishad (UPMSP) <i>Class XII (Physics, Chemistry, Mathematics)</i>	2021 - 2022

Technical Skills

- **Programming Languages:** JavaScript, Java, Python, C++, C, HTML5, CSS3
- **Frontend:** React.js, Tailwind CSS
- **Backend:** Node.js, Express.js
- **Database:** MongoDB
- **Developer Tools:** Git, GitHub, VS Code, Postman
- **Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming, RESTful APIs, API Integration, JSON, JWT Authentication

Projects

- | | |
|---|---|
| GrandRide - Car Booking Platform
<i>React.js, Node.js, Express.js, MongoDB, JWT, ImageKit</i> | Live Demo GitHub Repository |
|---|---|
- Engineered a MERN-based car booking platform featuring secure JWT authentication and role-based authorization.
 - Integrated ImageKit for image uploads and designed RESTful APIs for booking, authentication, and vehicle management.
 - Optimized the React frontend with responsive layouts and MongoDB-backed persistent data storage.

Full-Stack To-Do Application

- MongoDB, Express.js, React.js, Node.js*
- Developed a full-stack MERN task management application supporting secure CRUD operations.
 - Created RESTful APIs with Express.js and MongoDB for efficient task management.
 - Enhanced user experience through dynamic filtering, real-time updates, and an intuitive interface.

AI Resume Builder

- React.js, Node.js, Express.js, Gemini API, PDF Generation*
- Designed an AI-powered resume builder that generates ATS-friendly resumes using the Gemini API based on user-provided information.
 - Implemented secure backend APIs, PDF generation, and dynamic resume templates for real-time preview and download.
 - Crafted a responsive React interface with form validation and seamless API integration.

Certifications

- C Programming Language
- Introduction to Java
- Introduction to C++

Achievements

- Solved 250+ Data Structures and Algorithms problems on GeeksforGeeks and other coding platforms.
- Delivered multiple full-stack web applications using the MERN Stack with RESTful API integration.
- Strengthened backend development skills through real-world projects and hands-on practice.
